barbara.santegoets@viforpharma.com

Dear Professor/Doctor,

It is with great pleasure that we invite you to participate in an expert session on Patient Blood Management with Dr. Marc Van de Velde, MD, PhD, EDRA.:

“The impact of patient blood management on patient outcome”

Dr. Marc Van de Velde obtained his medical degree at the Catholic University of Leuven in Belgium (1991). He completed his residency in Anaesthesiology in 1996 at the University Hospitals Leuven. In 2000, he received his PhD degree following research related to metabolic support of the stunned myocardium. He was appointed member of staff in 1997 at the department of Anesthesiology of the University Hospitals in Leuven and is now Full Professor of Anesthesia. Until November 2010 he was clinical director of obstetric anesthesia and clinical director of non-operating room anesthesia (NORA). Since November 2010, he is Head of the Department Anesthesiology and Full Professor at the Leuven University. He has given 500 invited lectures at the international and national level, has published over 250 articles in peer reviewed journals and non-peer reviewed journals and has co-authored more than 30 book chapters. He is editor of 3 textbooks in obstetric anesthesia: “Maternal Critical Care” (2013, Cambridge University Press), “Obstetric Anesthesia” (2016, Oxford University Press) and “Anesthesie an de Normale Zwangerschap” (2017, Acco). He is the former President of the ESRA society (Eur. Soc of Reg Anesth and Pain Therapy). He is currently member of the Executive Committee of the Obstetric Anaesthetists Association (OAA), he is PROSPECT Chair and Chair of the ESRA Educational Committee. He was Chair of the Scientific Subcommittee 4 of Euroanesthesia (Subcommittee on Obstetric anesthesia). Currently he is Editor-In-Chief of Best Practice and Research: Clinical Anaesthesiology. He also is Executive Editor of Regional Anesthesia and Pain Therapy and Associate editor of the European Journal of Anaesthesiology. His primary clinical interest focuses on obstetric anesthesia and anesthesia for children and adults with congenital heart disease undergoing non cardiac surgery. Most of his current research focuses on obstetric anesthesia. He is married with Eva and has five children, Sofie, Michiel, Bas, Ella and Juliette. He loves to travel en play golf. Italian food and wine make him smile !

The session will take place on Saturday November 23rd 2019 at 14.15 at the SARB Annual Meeting which will be held at the SQUARE in Brussels on November 22-23, 2019.

We're looking forward to welcome you to this interesting and interactive session.
